<b>3)</b> the third col	umn "definition"	contains the me	aning of the wo	rd. If a noun ch	ange meaning d	lepending on

- 3) the third column "definition" contains the meaning of the word. If a noun change meaning depending on gender, it will have each gender-dependent definition listed individually
- 4) the fourth column "forms" contains additional information about possible inflections of each word. For all adjectives and for any applicable adverbs, the Elative form will be listed. For verbs, the episodic past, gnomic non-past, and gnomic past are listed if applicable, in that order. The same goes for auxiliaries, unless it is defective, in which case "defective" is given. Nouns will list all genders they can be declined in.
- **5)** the fifth column "usage notes" contains additional info on how to use the word in context
